For the moments that matter, care is here

UnitedHealthcare is committed to providing you with a better health care experience. We appreciate the opportunity to have served State of Florida members for over 17 years and to be offered again as an option for 2024. We look forward to helping you and your family achieve your best health. Ready to learn more about the care and solutions designed to support you and find the plan that fits you best?

Let's get started!

A network that's there for you

With UnitedHealthcare, you'll have access to our expansive and high-quality national and statewide network of top doctors and hospitals, including:

Access to our nationwide network of over **1.7 million** physicians and health care professionals and over **7,000** hospitals*

A statewide Florida network that includes over **99,000** providers and **250** hospitals*

Access to convenience care or urgent care clinics for treatment for non-life-threatening injuries or illnesses when you can't get in to see your primary care provider (PCP)

Access to Centers of Excellence for specialty conditions, such as cancer and transplant services

Access to 24/7 Virtual Visits for urgent care with a physician through your computer or smartphone app

Access to virtual primary care through **myuhc.com**® or the UnitedHealthcare® app. You also have access to telehealth visits with your own doctor.

Access to quality virtual specialists who may help you create a personalized care plan, eliminating the inconvenience of travel and waiting rooms

*As of July 2023.

Where you're covered

You can elect to participate in a UnitedHealthcare medical plan if you live and/or work in one of the Florida counties where UnitedHealthcare coverage is offered. Once you're enrolled in a plan, you will have access to our nationwide network of providers.

Coinsurance: Your share of the costs of a covered health care service, calculated as a percentage of the allowed amount for the service.

Copay: A fixed amount you pay for a covered health care service, usually when you receive the service.

Deductible: The amount you owe for health care services before your health plan begins to pay.

Out-of-pocket maximum:

The most money you have to pay for covered expenses in a plan year.

For more health care term definitions, visit the Just Plain Clear® English and Spanish Glossary at justplainclear.com.

Your health plan options

You have 2 plan options. With each plan, you receive customer service and clinical care tailored to your unique needs. Here are some highlights of both plan options to help you make your decision.

	Choice HMO	High Deductible Health Plan (HDHP) with Health Savings Account (HSA)
Large statewide Florida plus a national network included – Over 99,000 providers in Florida and 1.7 million physicians and health care professionals nationwide*	~	~
Network coverage only – Save money when you receive care for covered benefits from network providers in Florida or nationwide. If you do not use a network provider, you may be responsible for the entire cost of the service.	✓	✓
Preventive care covered at 100% – There's no additional cost to you for seeing a network provider for preventive care.	~	~
UnitedHealth Premium® Care Physicians included – Using Premium Care Physicians may offer you the greatest value for your health care benefits, as these providers meet UnitedHealthcare criteria for quality and cost-efficient care	~	✓
Virtual care included – Get care from anywhere with virtual options, including 24/7 NurseLine, 24/7 Virtual Visits and telehealth visits with your provider, including behavioral health. You can also choose virtual primary and specialty care through myuhc.com or the UnitedHealthcare app.	✓	✓
HSA available – You'll have the option to open an HSA,** which has pretax savings advantages and can be used to help pay for qualified medical, dental and vision expenses. Your employer contributes to your HSA.		✓

Choice HMO

With this plan option, you have the freedom to use any doctor or hospital in the UnitedHealthcare Choice network. If you do not use a network provider, you will be responsible for the entire cost of the service except in the case of an emergency.

- You have predictable copays and do not have to meet a deductible as with the PPO plan or HDHP
- Medical and pharmacy expenses both count toward your out-of-pocket maximum
- Coinsurance is paid 100% by the plan after you satisfy your copay
- Outpatient surgery and diagnostic care including lab and X-rays are covered at 100% with no deducible or copay

HDHP

With this lower-premium plan option, you can open an HSA through Chard Snyder as the HSA provider for state employees. An HSA is a personal bank account to help you save money to pay for health care expenses, such as deductibles and coinsurance, while also giving you real tax savings.

For members covered under a family tier, once 1 family member or a combination of family members meets the family out-of-pocket maximum, all covered medical and pharmacy expenses for the family will be paid at 100% for the plan year.

^{*}As of July 2023

Highlights for both plans

- You don't need to choose a PCP, but it's still good to have one
- No referrals needed to visit any provider in our network

Preventive care

Regular preventive care helps you and your doctor catch health issues early when they may be easier to treat—plus, it's **100% covered** by your health plan when you see a network doctor.

Covered preventive services include:

- An annual exam
- Pap tests and mammography for women
- · Prostate screenings for men
- Immunizations—including flu shots
- · Cancer screenings
- · Cholesterol and blood pressure screenings

Preventive vs. diagnostic care – know the difference

Preventive care includes annual checkups, routine screenings and immunizations that can help prevent health problems before they even start. Diagnostic care includes treatments for symptoms or existing health conditions. While preventive care appointments are covered at 100% with both the Choice HMO Plan and the HDHP, diagnostic treatments performed during your preventive exam may cost extra. Outpatient diagnostic services are covered at 100% with the Choice HMO Plan.

Know which preventive care screenings you need and what's covered. Visit **uhc.com/preventivecare**.

Choosing a PCP

Your PCP is your health guide. Although your health plan option may not require you and each covered family member to select a PCP,* it can be a good idea to have one. You can find a network doctor by visiting **myuhc.com** or using the UnitedHealthcare app.

Want to connect with a PCP from home? Through **myuhc.com** or the UnitedHealthcare app, you can choose to connect remotely with a virtual PCP and their team of health care professionals.**

Look for the 2 blue hearts

From primary care providers to specialists, UnitedHealthcare makes it easy to find network physicians who meet the UnitedHealth Premium quality care criteria, which includes safe, timely, effective and efficient care—just look for the 2 blue hearts on myuhc.com.

It's easy to browse network providers

- Go to whyuhcflorida.com > Search for a Provider
- Choose the Choice HMO Plan or High Deductible Health Plan
- Change your location to search providers near you or call Customer Service at 1-877-614-0581 to confirm whether your provider is in the network

^{*}Some health plans may allow you to choose a facility rather than a doctor as your PCP. Some states allow you to choose a specialist, like an OB/GYN, as your PCP.

law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. UnitedHealthcare also covers other routine services, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

Benefits that keep up with life

Once your health plan becomes active, you can sign up for programs and take advantage of health support services—all to support physical and mental health.

UnitedHealthcare Customer Service

Support with a personal touch

Connect with an experienced State of Florida customer advocate by phone or chat in the UnitedHealthcare app for information and support. You'll have someone in your corner to help you understand your benefits and claims as well as make more informed decisions about your care that may lead to cost savings and better health outcomes. A customer advocate can even connect you to community-based resources or provide ongoing support for families with special needs.

24/7 NurseLine

People who can help

Call NurseLine for help with your health decisions. You can talk with a registered nurse with clinical experience for immediate answers to your health questions anytime, anywhere—24 hours a day, 7 days a week. NurseLine can help you choose where to get medical care, find a doctor or hospital, or answer specific health questions. Call **1-877-614-0581, TTY 711.**

Virtual primary and specialty care

Get care, virtually anywhere

Now, through **myuhc.com** or the UnitedHealthcare app, you can choose to connect remotely with a virtual primary or specialty care provider. Connect with a virtual primary care provider—and their team of health care professionals*—to get care at home, at work or wherever it's convenient for you. Just like an in-person PCP, you can see the same virtual PCP for preventive care, follow-up visits or checkups for ongoing conditions. Need specialty care? There are virtual specialty care options, too, including appointments for dermatology, gastroenterology, migraine care, speech therapy and more. Get a care plan through secure video, chat or email. Request a visit and connect within days rather than months.

24/7 Virtual Visits

Get care anywhere, anytime

With 24/7 Virtual Visits, you can video chat with a doctor by computer or mobile device,* from the comfort of home or anywhere. Doctors can diagnose a wide range of nonemergency medical conditions like the flu, fevers, sore throats, etc.—and even provide prescriptions, if needed.** 24/7 Virtual Visits are also good for nonemergency care for sudden health issues like pinkeye, migraines, back pain, and even allergies and anxiety.

^{*}Data rates may apply.
